Dear Sir:

Re: Experimental Tax Free Cigarettes Manufactured for the University of Kentucky

We have again been contracted to produce experimental cigarettes for the University of Kentucky.

Under Terms and Conditions of our contract, the University of Kentucky Research Foundation has agreed that under Page 2, Item 5, Paragraph (b), " The Foundation will use and distribute the cigarettes only for bona fide experimental purposes, such as for use in laboratories, hospitals, medical centers, institutes, colleges and universities for scientific, technical or medical research."

It is planned that as different phases of the 1.1 million cigarette project are completed, we will produce a letter of application in duplicate in accordance with 26 CFR 270.232. Upon approval of your office, the cigarettes will be removed from our premises and become the property of the Foundation.

We hereby ask for your tentative approval of the tax free status of these cigarettes in order that final planning can be made on the project.

Very truly yours,

PHILIP MORRIS INC.
